

ClearOne® ConvergePro 880 Module Available on Compass Control® Pro

ClearOne ConvergePro 880T Audio Conferencing/DSP is now integrated with the Compass Control® Pro System, the first fully integrated major control system built from the ground up to use iOS devices – as its backbone.

Key Digital® has developed a driver and a pre-configured GUI template for the Compass Control® Pro system to interface with ClearOne ConvergePro 880T. Compass Control® Pro system provides Converge Pro 880T users with audio conferencing and DSP controls an elegant interface, while having an integrated control system under their fingertips with additional video, lighting, climate, security, and automation controls.

Module Features:

Audio Conferencing:

- › Dialing, Keypad, Calling Features
- › Phonebook Access for Quick Dialing

Audio Controls:

- › Input Gain and Mute
- › Output Gain and Mute
- › Mixer Crosspoints
