# DigiMerge Touch+ DVR

## Module Setup

### **About:**

DigiMerge Touch+ provides ptz control for all cameras to keep a safe environment with their DVRs.

### **Setup Communication:**

DigiMerge DVRs are equipped with network capabilities. These boxes are controlled over TCP/IP on port 80.

### **Setup in Compass Navigator:**

One module is required per Touch+ DVR. After adding the module, please enter the IP address of the DVR and the login credentials under Properties. In Zone Construction, place the module as a video source. Once placed, head over to Controlling Flow and place the Touch+ module in the System Designer.

### **Setup Complete:**

Upload and update project for use.

### **Control:**

Compass Control offers

- DVR Controls
  - PTZ of all channels, up to 16.
  - Zoom
  - Focus
  - Functions
