FOR IMMEDIATE RELEASE[Leviton](#)

Key Digital Announces Compass Control Pro Partner Alliance with Leviton Vizia RF+[®]

MOUNT VERNON, NY – December 19, 2017– Key Digital, an award winning developer and manufacturer of leading-edge technology for HDTV applications, has announced that Leviton Vizia RF+[®] is now compatible with the Compass Control System, the first fully integrated major control system built from the ground up.

Key Digital has developed a driver and a pre-configured GUI template for their Compass Control[®] system to interface with Leviton Vizia RF+[®]. These products and profiles are rigorously tested by Key Digital. The Leviton Vizia RF+[®] driver will allow for RS control, control any Z-Wave device that supports HomeConnect, dimmer/switch control for lighting, door locks and deadbolt control, supports multiple brands that are HomeConnect enabled.

Compass Control[®] users will be able to use their Leviton Vizia RF+[®] with their Compass Control[®] app. Vizia RF +[®] is the perfect image of “smart” lighting control, featuring Z-Wave[®] radio frequency technology and compatibility with Leviton’s Decora[®] products. The robust radio frequency system offers one-touch control of lights and appliances, dramatic scene transitions, timed events and many desirable options to enhance your home. Vizia RF + products adapt to your lifestyle without the need for new wiring, providing a luxurious upgrade for less than you might imagine.

“Resulting from cooperative efforts between Key Digital and Leviton, the integration of its Model Vizia RF+[®] within the Compass Control environment represents a powerful and user-friendly comprehensive solution delivering iOS-based control and entertainment functionality,” stated Key Digital’s COO, Michael Lakhter. “The Compass Alliance Partners have come together to create a system that has full driver integration already completed, increasing efficiency for integrators,” Lakhter concluded.

About Key Digital[®]

Led by the “Father of DVD”, Mike Tsinberg, Key Digital[®] is an InfoComm, CEDIA, CES, and NAHB award winning manufacturer of professional distributed video and control system equipment.

Since 1999, Key Digital has lead the constantly evolving A/V industry by designing products that deliver industry leading quality, performance, and reliability to corporate, bar & restaurant, digital signage, education, government, and house of worship applications.

Key Digital products are designed and engineered in-house in Mount Vernon, NY. Superior quality, ease-of-installation, and versatility are the result of strenuous research, development, and testing. Expertise and unparalleled knowledge have created a unique hardware-software suite solution ideal for the consultants, designers, and installation firms of the A/V industry. Key Digital® is known to deliver best-in-class products based on quality, performance, and reliability.
