

UDP-203

Module Setup Guide

About:

The OPPO UDP-203 4K Ultra HD Blu-ray player provides an unmatched A/V experience to home theater enthusiasts. Drawing from over a decade's worth of experience in advanced image processing technology and high fidelity audio performance, the UDP-203 is the ideal source to complete the ultimate home theater and sound room. Partnered with Compass Control® Pro users gain the ultimate home automation experience.

Setup Communication:

The UDP-203 is controlled over RS232.

Setup in Compass Navigator:

In Zone Construction, please drag and drop the UDP-203 into the desired input for your device (television, projector, etc.) Under Controlling Flow, drag and drop the device into an available RS-232 port on the master controller.

Setup Complete:

Upload and update project for use.

Compass Control® Pro Offers:

- Bi-directional Feedback
 - Power Control
 - Playback Control
 - Volume Control
