TOA Electronics Module Setup

About:

TOA Electronics provides speaker and audio processors that can be incorporated into Compass Control. The DP-K1 and DP-SP3 are supported with full functionality.

Setup Communication:

The DP-K1 is controlled wirelessly over IP on Port 2101.
The DP-SP3 is controlled wirelessly over IP on Port 3000.

Setup in Compass Navigator:

After adding the TOA modules, under Properties for the device, please enter the IP Address for each unit.

Setup Complete:

Upload and update project for use.

Control:
