DO MORE WITH KD-BYOD4K

WIRELESS PRESENTATION GATEWAY

iOS
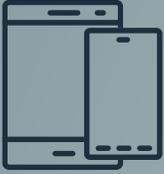

Android

ChromeOS

PC/Mac

ALL DEVICES WELCOME: WINDOWS, MAC, CHROME OS, iOS & ANDROID™

KD-BYOD4K unifies all five major platforms, so your dedicated and freelance staff, vendors, and guests are all able to use their devices to share content

WIRELESS PRESENTATION

Perfect for conference, board and training rooms, huddle and event spaces, organizational keynotes, and more. Use the KDPlay™ app, iOS Screen Mirroring, or Chromecast to easily choose KD-BYOD4K WiFi connected screens for sharing.

COLLABORATIVE SESSIONS

Work together in teams with ease by casting side-by-side simultaneously. Up to four presenters may share content at the same time with auto-adjusting screen layout.

INTERACTIVE REAL-TIME SCREENS

Engaging brainstorming sessions are simplified by easy screen overlay of markup tools. Session content is effortlessly retrieved for distribution to your team.

LET'S MAKE IT EASY

EASY AND INTUITIVE CASTING

Windows PCs or Macs: Quick Launch with included Auto-Launch USB stick, or with fast KDPlay™ software download

**Android Devices:** KDPlay™ App from Google Play store

**iPad / iPhone:** Built-in Screen Mirroring in iOS

Chromebooks: Built-in Chromecast functionality
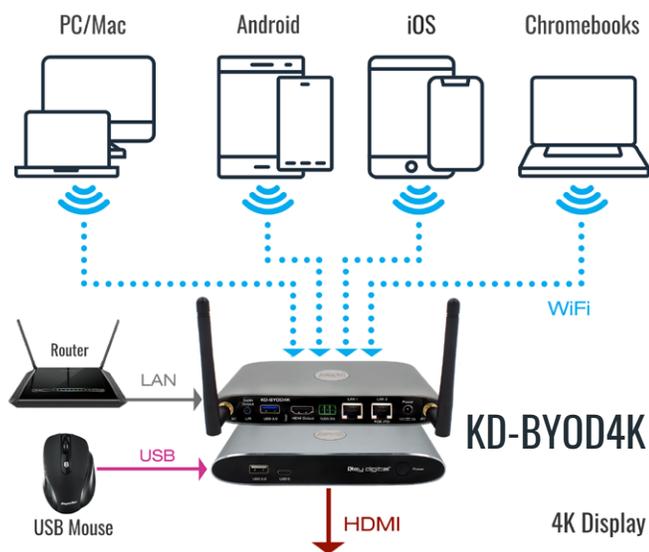

MULTI-PRESENTER MODE
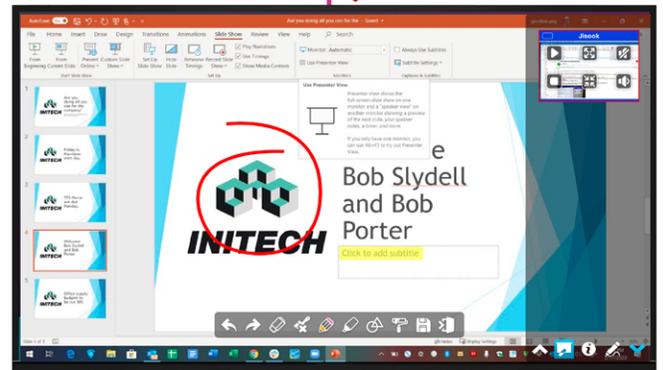

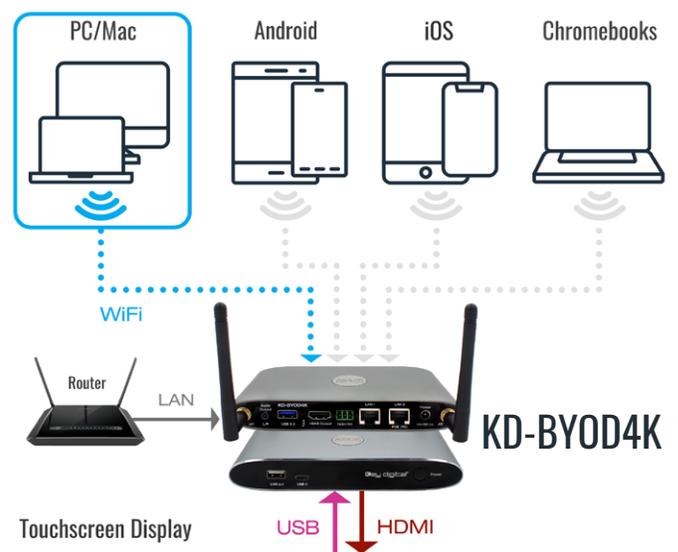

FULL SCREEN MODE WITH ANNOTATIONS

KD-BYOD4K

4K KDPlay Wireless Presentation Gateway for PC, Mac, iOS, Android and Chrome OS devices. Screen Mirroring via LAN or WiFi with built-in Antenna. Full & Multi-Presenter Viewing Modes.

TECHNOLOGY THAT WORKS FOR YOUR BUSINESS

› **Simultaneous Secure Dual LAN:** Connect KD-BYOD4K to your Public and Private networks for ease of guest access without compromising security

› **WiFi Direct or LAN Connection:** May act as the wireless access point, or may be accessed by devices via the connected network

› **Extended Monitor**: Feature enables dual display setups such as video conference and presentation content view on side-by-side panels

› **Customizable Home Screen:** Logo or desired image may be loaded to show signage and branding when not casting

› **Content Preview**: Collapsible dock on side of display provides preview thumbnail and name of devices casting via KDPlay app

› **Touch Screen / Mouse Forwarding**: Connect touchscreen or mouse USB to unit to point and click on casted device

› **Web GUI Administration**: Admin staff can access unit setup, moderator, and security tools on web browser

SMOOTH VIDEO

KD-BYOD4K delivers glitch-free video up to 4K thanks to internal video optimization.

MULTI-PLATFORM

User-friendly KDPlay™ app unifies casting from Windows, Mac, and Android. iOS and Chrome OS devices are natively supported with AirPlay and Chromecast.

INTERACTIVE

Transforms any display or projector into an interactive board with annotation, whiteboard functionality and screen capture features.

SECURITY SMART

Connection password, casting pins, and data encryption may all be applied with four different security levels.
