

KD-MLV4x4Pro

Module Manual

About:

Key Digital KD-MLV4x4Pro is a 4x4 4K UHD HDMI seamless matrix with multi-view tiling and mirrored HDMI + UHDoTP outputs.

Control:

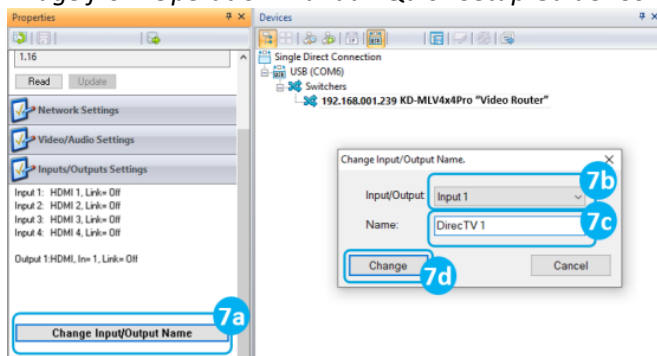

Compass Control module provides:

- Input and Output friendly name display
- HDMI AV matrix routing
- External audio matrix routing
- Multi-view layout selection
- Audio mute control

Setup Communication:

Control KD-MLV4x4Pro via IP on port 23. The default IP address is 192.168.1.239. Update the IP address, Input and Output naming as desired, using [Key Digital Management Software](#).
