

# Honeywell® Vision Pro Module Available on the Compass Control®

## Honeywell

Honeywell Vision Pro thermostats are now compatible with the Compass Control® System, the first fully integrated major control system built from the ground up to use iOS & Android devices – as its backbone.

Key Digital has developed a driver and a pre-configured GUI template for their Compass Control® system to interface with Honeywell Vision Pro thermostats. Compass Control® system provides full control over Honeywell Vision Pro thermostats via Compass Control® iOS or Android interface, featuring multiple location control, scheduling and more, while having an integrated control system under their fingertips with additional video, audio, lighting and automation controls.

### Module Features:

- › Control Over IP
- › Control thermostat by filtering through Locations, and Devices
- › Control of Setpoints, Fan Mode, and System Mode
- › Set Hold and Scheduling of Thermostat
