## Key Digital to Host Dealer In-House 2-Day Training in March 2020

**MOUNT VERNON, NY – February 25, 2020** – Key Digital, the award-winning leaders in digital video and control systems, announces that the company’s dealer in-house two-day training March 25<sup>th</sup> and 26<sup>th</sup> at Key Digital headquarters is fully booked in an impressive wave of early registration. Discussions are underway for the company to organize two additional in-house trainings in 2020 with one as early as summer.

Open to all Key Digital dealers, this two-day training is designed for attendees to actively participate with practical AV experiments leading to direct operational experience with Key Digital’s hardware and software ecosystem. Attendees of the event can look forward to unique hands-on learning situations covering Key Digital’s four core competencies including digital video fundamentals, AV over IP, presentation solutions, and Compass Control Pro. Trainees will gain up to 16 AVIXA CTS RUs and a Key Digital buy-in system package.

In addition to covering the comprehensive course syllabi, guests will have the opportunity to engage in further discussions with Key Digital staff members regarding the design and implementation of their individual projects.

*“Key Digital boasts having the best trainers in the industry with a paramount training program focusing on useful hands-on classroom activities. Dealers participating in this curriculum will familiarize themselves with Key Digital’s superior products and services while also modernizing their general AV skills and knowledge. Everyone will walk away from this event with renewed strategies to implement insightful and more successful integrations and installations,” said Masha Lakhter, Key Digital’s COO.*

Dealers interested in future in-house trainings can check out [Key Digital's upcoming events](#).

### About Key Digital®

Led by the “Father of DVD”, Mike Tsinberg, Key Digital® is an InfoComm, CEDIA, CES, and NAHB award winning manufacturer of professional distributed video and control system equipment.

Since 1999, Key Digital has led the constantly evolving A/V industry by designing products that deliver industry leading quality, performance, and reliability to corporate, bar & restaurant, digital signage, education, government, and house of worship applications.

Key Digital products are designed and engineered in-house in Mount Vernon, NY. Superior quality, ease-of-installation, and versatility are the result of strenuous research, development, and testing. Expertise and unparalleled knowledge have created a unique hardware-software suite solution ideal for the consultants, designers, and installation firms of the A/V industry. Key Digital® is known to deliver best-in-class products based on quality, performance, and reliability.
